

COURSE LISTINGS - LEADERSHIP

Leadership Matters! – This is Leadership 101: a full-day workshop focused on identifying the best proven leadership strategies and practices. Participants will compare management and leadership styles, discuss leadership challenges, and develop an awareness of characteristics and practices that will motivate, engage, and guide staff.

How to Get the Most out of Your Team: The Art of Coaching & Mentoring - This is a half-day workshop that focuses on identifying coaching techniques in communication and support. Participants will also explore ways to develop mentoring programs within their respective organizations.

Creating a Positive Organizational Culture – This is a full-day workshop that focuses on developing a reputation and expectation of excellence. Participants will identify companies and organizations that have developed lasting, positive organizational cultures and the techniques used to build those brands.
